Positivity Project

This week our school community will be focusing on the character strength of **Purpose**. Purpose means you have beliefs about the meaning of life and your life's purpose. You seek to be part of something greater than yourself. Purpose gives individuals the sense that they are put on this earth for a reason and that they are somehow connected with humanity or the universe. People who possess a sense of purpose believe that they were put on earth for a reason. That reason can have all kinds of variety. It could be to create a unique invention, bring joy through art or music, or raise their children to become good people. These people have a true calling. Having a clear sense of purpose in life and believing that you're connected to a larger meaning gives individuals strength. It allows them to persevere and find courage in trying circumstances or lead with kindness and love even when it's not reciprocated. Those with a sense of purpose have more meaning in their life -- and are more fulfilled.
